SPECIAL FILMING CONDITIONS

LOS ANGELES CITY HALL

The Special Filming Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this area is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit (or permits) will be issued for this area. The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmLA), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

The City of Los Angeles recently completed a $300 million dollar renovation and restoration of the historic Los Angeles City Hall. Since its construction, this unique building has been one of Los Angeles' most popular locations. To preserve and protect the historic integrity of the building, while allowing production to continue, the following Special Filming Conditions have been established.

- **FilmLA will coordinate all filming activity at Los Angeles City Hall.**
- **Companies wanting to use City Hall must first reserve the facility through FilmLA's reservation system**. FilmLA will maintain a calendar of filming activity, reserved filming activity, and special events at City Hall. Reservations must be location specific to ensure the area of interest is available.
- **FilmLA will coordinate scouting activity at City Hall.** A General Services representative will be required on production tech scouts. During the tech scout the production company must provide anticipated filming activity information. This information should include areas to be used for filming, lighting design, movements of cast and crew, equipment storage, equipment parking, catering, base camp, and other relevant activities.
- **Following the tech scout, the production company must provide FilmLA a written, detailed list of final requests and other relevant matters,** including, areas to be used for filming, placement of lights, removal or additions of signs, equipment storage, and other relevant information. The FilmLA permit must reflect activity in City Hall and surrounding areas. Activity other than what is listed on the permit will not be allowed.
- **Notification of filming will be coordinated and performed by FilmLA.** FilmLA will ensure the elected officials, city employees and the general public engaged in activity at City Hall are made aware of all film production activity.
- **To ensure agreement between the production company and the City regarding the condition of City Hall and the surrounding areas,** a pre-prep and post-strike walkthrough will be required with a General Services representative.
- **Board of Public Works Hearing Room and the Mayor's Conference room are available for filming on a limited basis.** These rooms are regularly used to conduct city business but will be made available for filming whenever possible.
- **LAPD SECSD Officers will have a 4 hour minimum per officer, per shift, per day.**
- **A production company must cancel a shoot at least 2 business days in advance to avoid incurring any personnel fees.** In the event a shoot is cancelled in in less than 2 business days, the 4 hour minimums may still be due for the LAPD SECD Officers that were hired to serve the production. Refunds for LAPD SECD Officers are at the discretion of LAPD.
- **Production company must provide LAPD Security Services Office with a complete list of names of all cast and crew prior to any activity.** Certain individuals may be exempt for personal security purposes.

NOT A PERMIT

- **For security purposes, all equipment will be searched prior to entering the building.** Cast and crew will also be required to pass through metal detectors.
- **Production company must provide badges for all cast and crew.** Badges should include the production company's name or logo.
- **FilmLA Monitor(s) and LAPD SECSD Officer(s) will be required for all prep, strike and filming days.** The number of personnel required will be determined by production size, location, and general impact.
- **A Fire Safety Officer will be required for any interior activity on all prep, strike and filming days while the building is open to the public.** Additional scenarios, such as size or impact, may also require the officer on site when the building is closed to the public or all activity is exteriors only.
- **Access for the public and City Hall employees must always be maintained.** Intermittent pedestrian control is permissible during filming when stated on the permit.
- **Company must provide ample public signage regarding filming activity.** If the company plans to cover any signage, they should post photocopies of the covered sign near the original placement until the area is needed for filming.
- **For interior activity:** Production company may not provide uniformed security personnel to oversee equipment when company is not present. If required, the production company may utilize a production assistant for this activity.
- **Company must use layout board (or similar material) wherever equipment is moved or placed.** All equipment must have rubber or padded protectors on the equipment feet or equipment bottom.
- **Company must provide protection for walls wherever equipment is placed near walls.** Equipment may not be closer than 6 inches from walls. Bubble wrap should be used to protect any corners or columns from damage.
- **Company may only use the service elevator.** Other elevators are for city employees and the general public.
- **Absolutely no drilling, nailing, or use of existing holes.** Adhesive tape shall not be used on painted surfaces including the interior and exterior metal frames of the windows. Pressure fits should substitute any invasive construction. The layout board will be required between the building and clamps.
- **Window screens are permissible on the Temple Street and 1st Street windows.** Window screens may be hung from the 4th floor rooftop, but due to constant wind, counterweights must be used to secure screens. Gel may not be used on these windows.
- **Removal of artwork or signage must be approved by GSD.** FilmLA will coordinate all requests with General Services.
- **Furniture removal is prohibited without prior approval.** If permission is granted, all removal details must be clearly stated on the permit.

If, in the future, the City adopts an ordinance with regulations governing filming in this area, such regulations shall supersede these Filming Conditions.

Arrangements shall be made to ensure access to deliveries, trash pickup, residential move-in/move-out, and vendor access to the properties/merchants during productions.

d. All commercial businesses must prominently post hours of operation and contact phone numbers, and residential buildings must have a designated contact person authorized to give permission. Special events held by commercial businesses, outside of normal business hours, must also be posted in advance, and production companies must provide full access and visibility during such events.

However, under no circumstances shall a generator be placed directly underneath a residential window.

b. Film productions must focus lighting on the filming area only and make every effort to shield the lighting from adjacent properties, pedestrians, and patrons of commercial businesses at all times. Exceptional lighting (e.g., Musco and Bebee lighting) outside of regular filming hours shall not be allowed without a signature survey of the affected merchants and/or property owners. **Signature survey shall be required for Exceptional lighting within the Old Bank District between the hours of 6:00 p.m. and 6:00 a.m.** Under no circumstances shall lighting be directed onto oncoming traffic.

b. No film permit shall be construed as a waiver of 14 CFR § 91.119, 14 CFR § 91.515(a) or 14 CFR § 91.303(e), dictating federal flight altitude regulations, for purposes of non-participating persons or property (see attachment).

c. Notification beyond the standard 500-foot radius will be made to affected residents and merchants for high impact activity that is likely to cause interference with adjacent properties of people such as car chases, simulated gun fire, explosions, screams for help and other loud noises, helicopter activity, road closures or other such exceptional activities that might cause a police response to the filming location. High impact filming activity must be preceded by notifications at least two days in advance. The City's Designated Film Permit Contractor or the production company shall consult a designated DLANC representative when an applicant requests a permit for high impact filming activity with less than two days notice.

d. Due to the location of building air intake systems on Lower Grand Avenue, no special effects, including smoke, steam or fog, may occur in that area without first obtaining

Variations from the requirements of the permit are not allowed unless approved by an authorized representative of the City's Designated Film Permit Contractor.
